

Coronavirus (Covid-19) Customer/Visitor Questionnaire

Throughout the pandemic, we have continued to follow government guidelines to ensure the safety of all those visiting and working at PD Ports. Now, as we move to the introduction of a 'new normal' across the business, we will continue to maintain direct alignment with HSE best practice.

Whilst we have removed most restrictions that were previously in place, you are required to complete a short Covid-19 questionnaire before attending any of our UK sites.

What to expect when visiting us:

If you are experiencing flu-like symptoms, including fever, you must not attend any of our UK sites, including support functions and office-based locations.

Face masks are no longer compulsory but remain optional should you wish to wear one. The provision of hand sanitisers and antibacterial wipes will be readily available across all of our sites.

We kindly ask that while you are on site, you respect the personal choice of those who may still choose to wear a mask in certain settings.

Before visiting, you are required to confirm the following:

1. That you are not displaying any Covid-19 symptoms
2. That you have not returned to the UK in the last 14 days from an area listed in Public Health England's Guidance
3. You have not been in contact with colleagues, family or friends who have returned from one of those areas or have been in contact with anyone who has been diagnosed with COVID-19

All site visitors are still expected to adhere to good levels personal hygiene:

- Wash/sanitise your hands on arrival and departure
- Where possible carry and use hand sanitiser
