

**Notice to Marine Users 2023
Teesside Offshore Wind Farm**

04th May 2023

Important Notice to All Marine Users

A programme to remove marine growth and guano from turbine foundation j-tubes and ladders is planned to commence within Teesside Offshore Wind Farm (see Chart 1). The start date will be 05th May 2023 for 8-12 weeks around low water springs. Scope of works will involve the vessel Windcat 7 undertaking high pressure jet washing ,with sea water, from the vessel.
